WHAT STUDENTS ARE *saying*

Exploring different business units at different finance companies provided valuable insights into my passion for finance and enabled me to forge meaningful connections with industry professionals.”

-2024 ATTENDEE

Personally speaking with industry professionals at the career fair helped me increase my understanding of the firm significantly and taught me how career paths can look differently and there is no right trajectory to a successful career in finance.”

-2024 ATTENDEE

Coming from a less finance heavy background, I didn't know what finance entailed.

But after the conference, I definitely have a better sense of what it is like and what that looks like for me going forward. “
