THE POWER TO LEAD: REDEFINE YOUR PATH TO LEADERSHIP

Your experience — every win, pivot, and lesson learned — is more powerful than you think. The 2025 MBA Virtual Leadership Conference will show you how to turn that experience into momentum for your career.

Hear the unique perspectives of trailblazing women in business. Plus, meet Forté corporate members who are looking to connect with high-potential MBA students (like you).

At this conference, you will:

- Discover your leadership edge during sessions that help you own your story and leverage your experiences to move your career forward.
- Learn from women at the top of their game across industries and roles. You'll walk away with practical insights and fresh inspiration.
- Meet and connect with MBA students from other leading business schools who share your ambition and curiosity.
- Network with 20+ company representatives at in-demand organizations during the Virtual Career Expo.
