Chances are, grad school has crossed your mind at some point. Maybe you're thinking it's something to consider down the road once you've had some time to catch your breath after graduation. Or maybe you're unsure if it's the right move for you.

Forté MBA Explore is your chance to get real answers, meet real people, and discover how an MBA can be a launchpad — not a detour. Whether you're into entrepreneurship, social impact, tech, fashion, or finance, an MBA can open doors.

HERE'S WHY YOU SHOULD BE THERE:

- Insider insights from MBA admissions pros
- Tips on how to prepare now (yes, even as an undergrad)
- A chance to win a GMAT voucher — \$275 in value!
- Clarity on costs, career paths, and how to make it all work for you
- A community that sees leadership in every form and helps you own yours

You don't have to have it all figured out. You just have to be curious enough to explore. See you there!
